

TAIPOL[®] SSBR

Grade	Polymerization System	Extender	Package
SSBR #2416	Solution Polymerization		30bale/box, 35kg/bale
	Characteristics: Well balance between wet grip and rolling resistance. End-modification for excellent carbon black dispersion. Application: Low rolling resistance tire tread. All-season tire, Molded and extruded goods, Mechanical goods		
SSBR #2466	Solution Polymerization		30bale/box, 35kg/bale
	Characteristics: Well balance between wet grip and rolling resistance. Chemically-modified for superior silica and carbon black dispersion. Application: Low rolling resistance tire tread. High performance tire, Molded and extruded goods, Mechanical goods
